19 - 21 January at Epicentre, Apparel House, Gurgaon, India

Traffic Information Platform (TRIP) - Enabling Traffic Aware Applications and Systems

Saurav Bhattacharyya, Executive Director, Quantum Inventions, Singapore,
saurav@quantuminventions.com

Abstract

The speaker shares information and experience in setting up the traffic information platform in Singapore, and how it has fueled the spread of traffic aware applications over Google Maps, with Singtel - the largest Telco in the country and for navigation systems over RDS-TMC services.
